

SPECIAL PLYWOOD FOR PANTOGRAPH FOR SECURITY DOORS - FOR INDOOR USE

ONE SIDE PRECIOUS WOOD VENEERED PLYWOODS WITH SECOND LAYER OF VENEER
AND PARALLEL FIBERS SUPPORT

"Very light sandwich panel, very stable and with high mechanical properties.
Suitable for producing doors with honeycombed inner parts and for being machined by pantograph, with endless solutions in design and customization.

Italian quality guaranteed, with the possibility of producing small and big quantities at a very competitive price."

Among high-end products, Art Design looks like a sandwich panel, with a 1,5 mm thick veneer layer under veneer layer, from which it is possible to obtain modern and stylish decorations through machining by pantograph at a depth of 1mm.

These special plywoods are available in thicknesses ranging from 4 to 10 mm, also available with melamine gluing for use in external protected areas and can be produced in the main wood types. In some cases, face veneers can be previously dyed in bath.

Veneering is an ecological and sustainable way to enjoy the intrinsic beauty of some precious woods.

Style customization through a range of highly eclectic models, the quality of materials and the richness of details perfectly combine the naturalness of wood and design: special working techniques of the veneer, in line with the latest trends, raise value of the product through the offering of unusual wood species and decorations.

AVAILABLE FINISHING

- RAW and SANDED/POLISHED

*Not machined by pantograph

WOOD (VENEER) GRAIN

- HORIZONTAL (Face layer),
VERTICAL (Second layer, under face)

*Plywood's edges are raw (not veneered)

STANDARD DIMENSIONS

(approx +/- tolerance)

§ 2150 x 950 mm

§ 2500 x 1250 mm

*Other dimensions on request

AVAILABLE THICKNESSES (thk) / MILLING DEPTH (m.d.)

- thk 6 mm / m.d. 1 mm
- thk 7 mm / m.d. 1 mm
- thk 8 mm / m.d. 1 mm
- thk 10 mm / m.d. 1 mm

*Other thicknesses on request

AVAILABLE VENEERS

SOME VENEERS ARE PREVIOUSLY DYED IN BATH

§ Bleached Oak / Wenge Oak	§ Wenge Oak / Wenge Oak
§ Wenge Oak / Oak 146	§ Mahogany / Mahogany
§ Natural Oak / Bleached Oak	§ Canaletto Walnut / Canaletto Walnut

*Other combinations on request

STORAGE NOTE

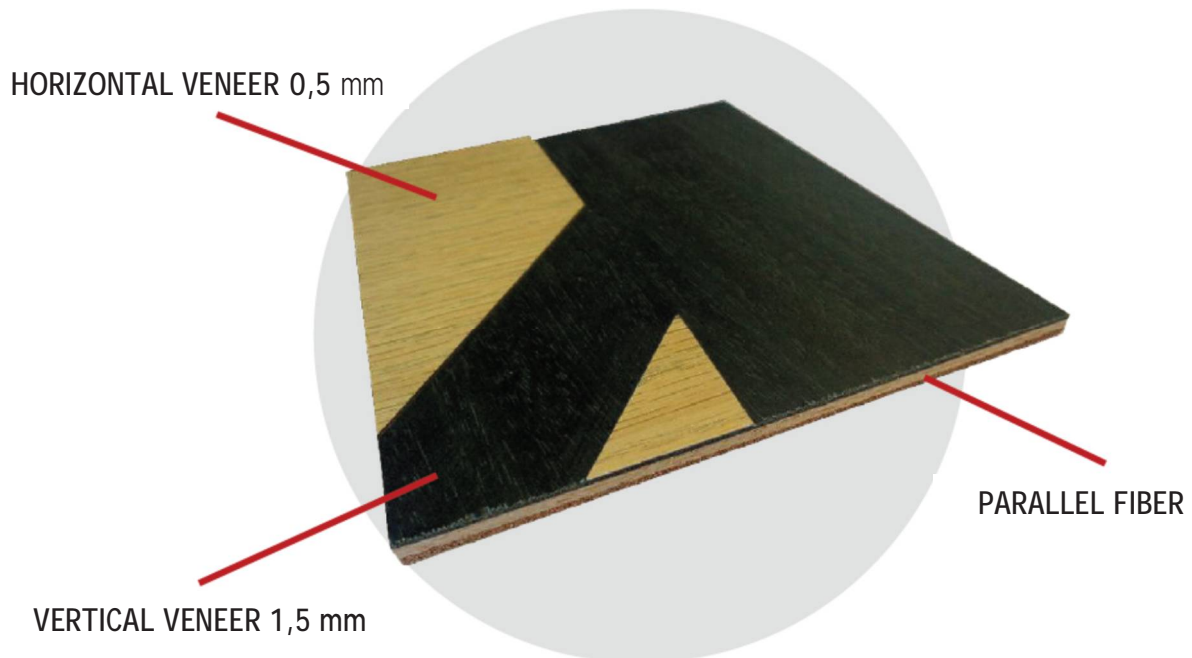

Plywoods keep its own features over time, only if properly stored in enclosed spaces/dry places and stacked in horizontal position with a sufficient number of supports (i.e. n.5 supports at least).

It is necessary to completely cover all plywoods of each pallet by a plastic sheet on all sides.

It is also necessary not to expose plywoods to jumps in humidity, temperature, to draughts and keep away from sunlight.

We assume no responsibility in case the buyer does not comply with these specifications about storage condition and use of the plywoods.
